OCPAA 2024 GRADUATING SENIOR

Daniel Stankovich

Daniel was a competitive gymnast for seven years before transitioning to dance. He joined OCPAA in 2021 and his life was forever changed for the better. These few years of competitive dance have just flown by, and his transformation as a dancer has been amazing to watch. While it is hard to leave the competitive dance world so soon, Daniel is not letting go of dance.

Daniel will start Chapman University this fall as a dance major. He aspires to become a professional choreographer who hopes to inspire the next generation of dancers. In addition to choreography, his immediate goals include working for conventions, dancing on tours, on Broadway, and in music videos. His long-term goals include opening his own dance studio or directing a high school dance team.

Daniel enjoys all aspects of performing arts. He sang for his high school choir all four years and was an Honors Thespian, but dance is his number one passion. Daniel wrote an essay that included the following and it summarizes his passion in a few sentences. He said, "Even when I am at my lowest point, dancing always picks me up and reminds me of what is most important. My story is still being written and dance will be in every chapter. Walking into a dance studio feels like coming home. A home I have always dreamed of."

Thank you OCPAA for being that second home.
